Cheryl's update.

I have left 2 messages with Heather at the Parks Dept twice in the last 24 hours.

I called the general number for the parks dept and I was given an email contact (Clarence.Stone) to reserve the Brooklyn Park. I sent the email this

morning.

I have left one voicemail with Olive Rootbeer about possible balloon animal work.

I have reached out to a neighbor who offered to help with children's art in the park previously. I have also made contact with a young artist in the neighborhood to work out a back up or additional activity.

As soon as I get the park permit secure i will let you all know.
